## What can I do ?

## Get Help!

### Take Action!

If you are being bullied, or you are worried about someone that might be, the first step is to get help.

You can ask a parent, a teacher or another adult you trust. If you don't feel comfortable saying it out loud you could write it in a message and send it to someone you trust.

Don't become a 'bystander' and ignore the and ignore the bullying behaviour .
